Email: ammuttya20@gmail.com
Github: https://github.com/Ammusabu
Mobile: +91-9074207070

SKILLS

Languages:	Python, C++, Java, SQL
Core Concepts:	DSA, OOP, DBMS, Data Processing
Frameworks/Libraries:	TensorFlow, Keras, PyTorch, Scikit-learn, Django, NumPy, Pandas, OpenCV, Matplotlib
Tools/Platforms:	Git, GitHub, Linux, VS Code, Jupyter, Google Colab, Kaggle, HuggingFace, REST APIs
Soft Skills:	Problem-solving, Teamwork, Leadership, Adaptability, Time Management

EXPERIENCE

AI & Machine Learning Intern | AICTE – EduNet Foundation (IBM SkillsBuild) Dec 2025 – Jan 2026

- Built an API-based interview preparation assistant that evaluates answers and generates feedback.
- Implemented Python workflows and integrated APIs for response analysis and scoring.
- Learned real-world ML integration, debugging, and basic deployment concepts.

PROJECTS

- **Skin Condition Prediction & Progression Analysis System | Github** November 2025 - December 2025
  - Designed a CNN-based multi-class skin condition classifier using MobileNetV2 achieving high accuracy
  - Implemented severity scoring and temporal progression tracking for patient monitoring
  - Deployed an interactive web interface using Gradio and Plotly for real-time visualization

  Tech: Python, TensorFlow/Keras, NumPy, Pandas, CNN (MobileNetV2), Image Preprocessing, Severity Scoring, Temporal Analysis, Gradio, Plotly, Google Colab, Hugging Face

- **Waste Collection Route-Optimization System | Github** July 2025 - August 2025
  - Developed an intelligent waste collection route optimization system using K-Means clustering and TSP
  - Reduced route distance and operational inefficiency through clustering-based routing
  - Visualized optimized routes on interactive Folium dashboards

  Tech: Python, Pandas, NumPy, Matplotlib, Seaborn, Folium, NetworkX, IPyWidgets, Scikit-learn, K-Means, TSP, Linear Regression, Logistic Regression, Isolation Forest

TRAINING

- **Data Structures & Algorithms – CPE Certification | LPU |** February 2025 - March 2025
  - Trained in core DSA concepts including arrays, linked lists, trees, graphs, sorting, and searching.
- **Python Programming (20 Hours Live Training) | CSE Pathshala |** January 2024 - February 2024
  - Completed hands-on training with tasks covering Python basics, control flow, functions, OOP, file handling, and a final project.

CERTIFICATES

- Deep Learning Specialization by Andrew Ng | **DeepLearning.AI** November 2025
- Introduction to Deep Learning & Neural Networks with Keras | **IBM** November 2025
- Intro to Machine Learning (2025) | **Kaggle** September 2025
- ChatGPT-4 Prompt Engineering: ChatGPT, Generative AI & LLM | **Infosys Springboard** August 2025

ACHIEVEMENTS

- **Competitive Coding** October 2025
  Earned Golden and Silver badge by Solving 250+ problems on CodeChef, strengthening algorithmic and data structures knowledge
- **HackerRank Achievements:** September 2025
  Achieved 5-Star Gold Badges in Python and C++ for problem-solving on HackerRank.

EDUCATION

- **LovelyProfessional University** Punjab, India
  Bachelor of Technology-Computer Science and Engineering; ***CGPA: 7.29*** August 2023 - Present
- **SCUGVHSS** Pattanakkad, Kerala
  Intermediate; ***Percentage: 88.9%*** April 2020 - March 2022
- **Government Girls HSS** Cherthala, Kerala
  Matriculation; ***Percentage: 95%*** April 2019 - March 2020
